

# SEDO

## SEDO Offshore Supplies

### OUR FIELD OF ACTIVITIES

- ✓ Electronics: PLC, SENSORS, ENCODERS, INVERTERS
- ✓ Hydraulics: PUMPS, VALVES, ELECTRO VALVES, MUD PUMPS, SOLENOIDS
- ✓ Drilling: BOP CONTROL UNITS, SOLID CONTROL UNITS, DRAWWORKS
- ✓ Mechanics: BEARING, GEARBOXES, MECHANICAL SEALS

### ABOUT US

We are a professional teams forged for decades of experience in glory but even in stringency cycles characteristic of oil and gas industry, but aware of creativity superiority over the knowledge.

We incorporate the essence that permeates the particular dynamics of the industry: readiness, responsibility, probity, correct, safe and sustainable execution. Assuming the need of our customers as our challenge, our stimulating strength to face obstacles by delivering solutions that exceed expectations.

### MISSION

Provide affordable solutions with promptness and precision, providing products and services with experience and efficiency.

### VISSION

To be the company of reference in the preference of the market, recognized for the excellence of its solutions and honesty in its dealings.

### VALUES

Ethics in their acts, conduct of morality, trustworthiness, mastery in the execution of their work with pride of their productivity and creative effort, and respect for people and the environment.

# COILED TUBING

**Steel Grade:** CT70 ~ CT110  
X52C ~ X90C  
**Standard Applied:** API Spec 5ST  
**Specification**

| Steel Grade | OD                                 | WT                                 |
|-------------|------------------------------------|------------------------------------|
| CT70~CT110  | 3/4" ~ 3-1/2"<br>(19.1mm~ 88.9mm)  | 0.075" ~ 0.300"<br>(1.9mm~ 7.6mm)  |
| X52C~X90C   | 1/2" ~ 6-5/8"<br>(12.7mm~ 168.3mm) | 0.035" ~ 0.432"<br>(0.9mm~ 11.0mm) |

## Varieties

- Operation string
- Velocity string
- Coiled tubing with variable wall thickness

## Application

Used in drilling, workover, well completion, well logging and drainage gas recovery, sand washing, the drainage of gas lift, paraffin removal and salvage operations, through the whole process of oil and gas exploitation.

## Coiled Tubing Technical Parameter

(CT70~CT110) Chemical Composition

| Grade | C (max) | Mn (max) | P (max) | S (max) | Si (max) |
|-------|---------|----------|---------|---------|----------|
| CT70  | 0.16    | 1.20     | 0.025   | 0.005   | 0.50     |
| CT80  | 0.16    | 1.20     | 0.020   | 0.005   | 0.50     |
| CT90  | 0.16    | 1.20     | 0.020   | 0.005   | 0.50     |
| CT100 | 0.16    | 1.65     | 0.025   | 0.005   | 0.50     |
| CT110 | 0.16    | 1.65     | 0.025   | 0.005   | 0.50     |
